

15 minutes can save you 40% on your accounting

Is your back office holding you back?
Does your accounting department cost too much?

Do you receive your monthly financials on time? Do you trust your financials?

Is your accounting staff able to keep up with the work? Are they overwhelmed?

Do you know your company's true available cash balance at any given time?

If the answer to any of the above questions is "No", PABS is the solution you are looking for. We are an outsourced accounting service provider managing the accounting and reporting needs of more than 100 businesses from varied industries at a fraction of the current cost.

Our flexible, customer-focused services are designed to meet our client's needs

We help you save up to 40% of your existing costs

If you want to know how we can help you:

- Professionalize your accounting department
- Analyze business opportunities.
- Get accurate, reliable, and timely financials.
